We live now in the Era of uncontrolled intoxication- constantly getting the toxins from our water, food, and the air we are breathing in.

Heavy metals: Lead, Mercury, Arsenic, Cadmium, Aluminum, etc. Radionuclides, Mold, viruses, and bacteria tend to accumulate in our bodies and may cause substantial harm to our health, leading to chronic degenerative disease, allergy, cancer, auto-immune conditions and more. That is why many natural medicines offer detoxification programs. The detoxification should generally be carried out twice yearly (Spring and Fall).

Spring Detox with ZeoDetox can be your choice.

ZeoDetox protects you from the toxicity of heavy metals, radionuclides, mold/viral /bacterial toxins, promotes normalization of biological functions for all systems of your body, supports mineral homeostasis by supplying with beneficial minerals.

The curse is 3 (three) bottles of ZeoDetox can be intense: 3ml twice a day or modified according to a health condition, sensitivity, and body weight.

Tips:
- Drink plenty of fluid (water- 30ml/kg daily).
- Control the bowel movement (min one a day).
- Take 2 hours away from medications.
